

Energy Web Workout 3 | Efficiency Map

WEBSITE

The contents for this exercise are contained in this document.

OBJECTIVE

Learn to gather information about energy efficiency in the U.S. from a map.

ASSIGNMENT

Use the map and color codes in the key above to answer the following questions. According to this 2013 map created by the American Council for an Energy-Efficient Economy (ACEEE), the States within the U.S. are becoming more efficient.

QUESTIONS

1. Which states lead all others in the number of wind turbines?
2. Which states recycle the most?
3. Which states lead all others in generating solar power?
4. Which are the top three states that generate hydropower?
5. Which states lead all others in energy efficiency?
